Curriculum Integration in Makabaya2 | Learning | Curriculum

Arts Integration is instruction combining two or more content areas, wherein the arts constitute one or more of the integrated areas. The integration is based on shared or related concepts, and instruction in each content area has depth and integrity reflected by embedded assessments, standards, and objectives.

Arts Integration Frameworks, Research Practice

Implementing Curriculum Integration 309 integrated approaches in teaching and learning, as well as the problems, limitations, and obstacles involved in its implementation (Na, 2004; Park, 2007). However, relatively few studies document how Korean teachers implement curriculum integration and what they experience during its implementation.

Implementing Curriculum Integration: The Experiences of

Curriculum is, in the simplest terms, a description of what, why, how and when students should learn. The curriculum is not, of course, an end in itself. Rather, it seeks both to achieve worthwhile and useful learning outcomes for students, and to realize a range of societal demands and government policies.
