

death on an autumn pdf

Autumn, also known as fall in North American English, is one of the four temperate seasons. Autumn marks the transition from summer to winter, in September (Northern Hemisphere) or March (Southern Hemisphere), when the duration of daylight becomes noticeably shorter and the temperature cools down considerably. One of its main features is the shedding of leaves from deciduous trees.

The death poem is a genre of poetry that developed in the literary traditions of East Asian cultures—most prominently in Japan as well as certain periods of Chinese history and Joseon Korea. They tend to offer a reflection on death—both in general and concerning the imminent death of the author—that is often coupled with a meaningful observation on life.
