developing data input standards pdf

A standards organization, standards body, standards developing organization (SDO), or standards setting organization (SSO) is an organization whose primary activities are developing, coordinating, promulgating, revising, amending, reissuing, interpreting, or otherwise producing technical standards that are intended to address the needs of a group of affected adopters.

Standards organization - Wikipedia

Second, a focus on practices (in the plural) avoids the mistaken impression that there is one distinctive approach common to all scienceâ€"a single â€œscientific methodâ€•â€"or that uncertainty is a universal attribute of science.
